

Larkspur and OFDNA General Membership Meeting Minutes

April 27, 2006

There were several tables with sign up sheets for members to get involved in different projects or to just get more information about land use, the weed pull, the SOLVE city wide cleanup. Among the people manning tables were:

Steve Esselstyn from the Bend Police Department, there to give information about neighborhood watch to interested people.

Representatives from the Bend Senior Center, there to let people know about their fundraiser on June 3rd and general information about the senior center.

Guest Speakers

Bruce Aylward did a power point presentation for Vision 2030. Several audience members seemed frustrated, commenting to the affect that the vision is fine but what are we going to do about run away growth right now? To make comments to the vision task force or read the vision, check out their website at **Bend2030.org**. If people want their concerns to be heard, they were encouraged to go to the City Council meetings or watch them on tv.or contact the Bend City Council directly. Their email addresses are available at www.ci.bend.or.us

Deborah Hogan presented the plan for Reed Market Road. She gave us the 10-year plan and the 5-year plan. For more information about it check out the city website home page at **www.ci.bend.or.us**. Then click on the Reed Market Corridor Study.

Ken Gould spoke about the Murphy Road improvement plan. It started out to be a plan between 3rd Street and Brosterhous Road but now they're looking on extending the road to 27th Street. For more information, contact Ken Gould in the City of Bend engineering department.
