

What We Have Been Doing

Woodhill Development - Lot sizes, infrastructure, sewer and lift pumps and capacity.

Tree Removal is still an issue

Traffic squeeze intersections are gone and are no longer a mandatory requirement in the City of Bend.

Met with developers on the parcels along Parrell Road initially. Now owned by Sheldon Development. Carey Sheldon is president.

The Richard Bileyu Development and the Solomon Development

Worked with Nan and Daryl Loveland of the Old Farm Association and other neighborhood associations in developing the new association form for development approval with the City of Bend.

Participated in a membership drive at Winterfest and our own at Fred Meyer.

Elected a new board member, John Snippen, who is a local realtor.

Attended 9 NART or neighborhood association chair meetings.

Met with various councilors and city department heads at these meetings and at various other times.

Attended 3 open planning meetings on the Murphy Road project, two planning development meetings, the mobile home park overlay meeting, two Chamber of Commerce meetings on the state of the City and the state of the County and one invited meeting sponsored by Commissioner Mike Daly with law enforcement officials from Deschutes, Crook, and Jefferson Counties to explore the possibility of a central three county jail project.

In addition, have an appointment with Commissioner Baney regarding traffic, development in the area, land use, and park options.

We have approached the Mountain High Homeowners Association to attempt a working relationship. Mountain Pines HOA is a member of the Southeast Bend Neighborhood Association.
